

# **Eurolux®**

SCREENPRINTING INKS

**QUICK DRYING XFM**

## **Bi-component inks**

Designed especially for use on all retroreflective **Eurolux®** 7 year and **Corlite®** 10 year films.

The ink dries fast at room temperature (4 hours at 20 °C) or in a convection heater (2 hours at 55°C or 2 minutes at 90°C).
